Aththanagalla, Nittambuwa

SKILLS

Programming languages

- Python
- Java
- C

Web developing

- HTML
- CSS
- JS
- PHP
- Bootstrap
- WordPress
- React.Js

Database

- PostgreSQL
- MySQL

Tools

- Figma
- Android Studio
- Photoshop
- Canva

STRENGTH

- Team working
- Leadership
- Positive thinking
- Problem solving
- Communication
- Adaptability
- Collaboration
- Resilience

PROFILE

Undergraduate in Technology-Driven Software Development and Software Engineering with proven expertise in creating web-based applications using Python, Django, JavaScript, HTML, CSS, and PHP. Demonstrated ability in problem-solving, teamwork, and managing multiple projects efficiently. Eager to leverage my technical skills to tackle complex real-world problems in a dynamic software development and engineering environment, seeking an entry-level position.

EDUCATION

The Bachelor of Information and Communication Technology (Hons) -Software Systems University of Kelaniya

2021 July – Present
current GPA - 3.15

Course Modules :

- Structured Programming
- Web Programming
- Database Systems
- Data Structures & Algorithms
- Data Structures & Algorithms
- Software Engineering
- Object Oriented Programming
- Computer Architecture & Operating Systems
- Systems and Network Laboratory
- Mobile Application Development
- Python Programming
- Requirements Engineering
- Advanced Databases

Web developing online course Udemy academy

Course Modules :

- HTML
- CSS
- JS
- Bootstrap
- JQuery
- Node.js
- SQL
- React.js
- APIs

G.C.E Advanced Level | 2019 Urapola national college

- Information technology A
- Science for technology A
- Engineering technology B

INTERESTS

- Software Development
- Web development
- Systems Engineering
- Quality Assurance
- Android app development
